In the registration form, **start by typing your company name**, which you can then pick from the list in the drop-down.

Should the name of your company not be available, contact us with the alternative form available under the drop-down.

The screenshot shows a registration form with three main sections:

- 01. Company:** A search bar with a "Search" label. Below it, a note states: "Please note that if you can't find the name of your company, [use this form instead.](#)"
- 02. User Profile:** An "Email" field with a red error message: "Something is missing, please fill in your email address". Below are "First Name" and "Last Name" fields. A "Password" field has a red error message: "This field is required". A "Language" dropdown menu is open, showing options: English UK, French, German, Italian, Japanese, Portuguese, and Chinese Simplified.
- 03. Additional Fields:** A large grey box with the text "A company must be selected". Below are two checkboxes: "I have read the Privacy Notice [View Privacy Policy](#)" and "I agree with the Terms of Use. [View Terms & Conditions](#)".

A green "REGISTER" button is at the bottom left, and a "Privacy - Terms" link is at the bottom right.

**Fill in your user Profile and the Additional Fields**, and finally also check the Privacy Policy and Terms and Conditions.

**Click on 'Register'.** You will receive a confirmation email with a link to access the Tfs Academy and start your learning journey!
